The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 13-36 are rejected under 35 U.S.C. 103(a) as being unpatentable over Shou, Bergemont and Jassowski, all of record.

The new limitations determine that the above references need to be applied as in the previous office action and Board of Appeals decision. The new limitations do not add any structure which was not already decided to be unpatentable for the reasons of record. Also, there are no substantial arguments refuting the applicability of Jassowski. There is no alternative, then, but to maintain the rejection as enunciated in the nonfinal rejection of 9/27/04 and the BOA decision. Nonetheless it is pointed out that Jassowski shows a plan layout in figure 2 that may be interpreted in various ways. For example exact correspondence of each and every element is not discussed in the specification and various interpretations or deductions may be drawn. There is no argument in applicant's response refuting any deductions made by the examiner regarding Jassowski's figure 2 in his rejection. Therefor the rejection is maintained. Applicant should carefully study figure 2 of Jassowski and the deductions made in the rejection.

Applicant's arguments filed 12/27/04 have been fully considered but they are not persuasive. See the above remarks.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
